- **->C0038356,C0024668,C0003873**

Disease grouping

1. **C2239176(222, Liver carcinoma/ Hepatocellular cancer (liver cancer),cancer,liver)**
 - **C0005695(111, Bladder Neoplasm/ Tumors, Bladder, urinary bladder.)**
 - **C0242656(127, Disease Progression/ Course of illness,every body)**
 - **C0919267(101, ovarian neoplasm/ Ovarian tumor,ovarian)**
 - **C1458155(433, Mammary Neoplasms/ Breast neoplasm,breast tumor,breast)**
 - **→ mostly tumors mostly connected similar organ areas**
2. **C1458155(433, Mammary Neoplasms/ Breast neoplasm,breast tumor,breast)**
 - **C0027627(174, Neoplasm Metastasis, The spread or migration of cancer cells from one part of the body,in Brain, lymph nodes, bone, liver and lungs)**
 - **C0919267((101, ovarian neoplasm/ Ovarian tumor,ovarian)**
 - **C0014175 (161, Endometriosis, The growth of endometrial tissue outside the uterus,ovaries,vagina.vulva rectum)**
 - **C0007621(106, Neoplastic Cell Transformation/ Tumorigenesis, transformation of normal cells to a neoplastic state,several organs)**
 - **C0038356(284, Stomach Neoplasms/ Tumor of stomach ,stomach)**
 - **C0005695(111, Bladder Neoplasm/ Tumors, Bladder, urinary bladder.)**
 - **C0033578(485, Prostatic Neoplasms/cancer prostate,prostate)**
 - **C0001418(108,Adenocarcinoma, common cancer characterized by the presence of malignant glandular cells., that can occur in several parts of the body., breast, colon, lung or prostate)**
 - **C0024668(152, Mammary Neoplasms, Experimental,breast on animal)**
 - **C0025202(204, melanoma/ Malignant Melanoma/skin cancer,skin)**
 - **C0021390(100, Inflammatory Bowel Diseases, . Crohn disease can affect any part of the digestive system while ulcerative colitis is confined to the colon,bowl)**
 - **C0376634(149, Craniofacial Abnormalities, Congenital structural deformities, malformations, or other abnormalities of the cranium and facial bones,ort:cranium and facial bones)**
 - **C0242656(127, Disease Progression/ Course of illness,every body)**
 - **C0007131(117, Non-Small Cell Lung Carcinoma/ Non-small cell lung cance,lung cancer)**
 - **C0024121(178, Lung Neoplasms/ Tumor of lung,lung)**
 - **C2239176(222, Liver carcinoma/ Hepatocellular cancer (liver cancer),cancer)**
 - **C0007134(127, Renal Cell Carcinoma(kidney cancer,kidney)**

- -> cancer
3. **C0919267((101, ovarian neoplasm/ Ovarian tumor,ovarian)**
 - **C1458155(433, Mammary Neoplasms/ Breast neoplasm,breast tumor,breast)**
 - **C0005695(111, Bladder Neoplasm/ Tumors, Bladder, urinary bladder.)**
 - **C0242656(127, Disease Progression/ Course of illness,every body)**
 - **C2239176(222, Liver carcinoma/ Hepatocellular cancer (liver cancer),cancer)**
➔ cancer
 4. **C0376634((149, Craniofacial Abnormalities, Congenital structural deformities, malformations, or other abnormalities of the cranium and facial bones,ort:cranium and facial bones)**
 - **C1458155(433, Mammary Neoplasms/ Breast neoplasm,breast tumor,breast)**
 - **C0038356((284, Stomach Neoplasms/ Tumor of stomach ,stomach)**
 - **C0033578((485, Prostatic Neoplasms/cancer prostate,prostate)**
 - **C0021390((100, Inflammatory Bowel Diseases, . Crohn disease can affect any part of the digestive system while ulcerative colitis is confined to the colon,bowl)**
 - -> cancer and other parts
 5. **C0242656(127, Disease Progression/ Course of illness,every body)**
 - **C0919267((101, ovarian neoplasm/ Ovarian tumor,ovarian)**
 - **C1458155(433, Mammary Neoplasms/ Breast neoplasm,breast tumor,breast)**
 - **C0005695(111, Bladder Neoplasm/ Tumors, Bladder, urinary bladder.)**
 - **C2239176(222, Liver carcinoma/ Hepatocellular cancer (liver cancer),cancer)**
 - -> cancer similar area
 6. **C0151744(171, Myocardial Ischemia/ Heart Disease,,heart)**
 - **C0031117(293, Peripheral Neuropathy/ Peripheral nerve damage, Peripheral neuropathy, a result of damage to the nerves located outside of the brain and spinal cord (peripheral nerves), often causes weakness, numbness and pain, usually in the hands and feet. It can also affect other areas and body functions including digestion, urination and circulation., peripheral nervous system)**
 - **C0004352(112,Autistic Disorder, Mental or Behavioral Dysfunction, Brain and nervous system)**
 - **C0033578((485, Prostatic Neoplasms/cancer prostate,prostate)**
 - **C0023893(109, Liver Cirrhosis, Experimental /liver disease, It develops gradually due to persistent stresses such as alcohol abuse or chronic liver inflammation (hepatitis),,liver)**
 - -> mostly connected with neurological
 7. **C0038356((284, Stomach Neoplasms/ Tumor of stomach ,stomach)**
 - **C0003873(219, Rheumatoid Arthritis, Rheumatoid arthritis is an inflammatory disease, primarily of the joints, with autoimmune features and a complex genetic component, bones, joints and spine, as well as the associated muscles, tendons and ligaments. In some forms, organs such as the skin, heart, lungs, kidneys or the eyes, as well as the nervous system, may also be affected.**

- **C0027627(174, Neoplasm Metastasis**, The spread or migration of cancer cells from one part of the body,in **Brain, lymph nodes, bone, liver and lungs**)
- **C1458155(433, Mammary Neoplasms/ Breast neoplasm,breast tumor,breast)**
- **C0033578((485, Prostatic Neoplasms/cancer prostate,prostate)**
- **C0004096(113, : Astma,lung)**
- **C0009375(127, Colonic Neoplasms,colon tumor,colon)**
- **C0001418((108,Adenocarcinoma, common cancer characterized by the presence of malignant glandular cells., that can occur in several parts of the body., breast, colon, lung or prostate)**
- **C0024668((152, Mammary Neoplasms, Experimental,breast on animal)**
- **C0021390((100, Inflammatory Bowel Diseases, . Crohn disease can affect any part of the digestive system while ulcerative colitis is confined to the colon,bowl)**
- **C0376634((149, Craniofacial Abnormalities**, Congenital structural deformities, malformations, or other abnormalities of the cranium and facial bones,ort:cranium and facial bones)
- **C0024121((178, Lung Neoplasms/ Tumor of lung,lung)**
- **C0024667(138, Animal Mammary Neoplasms/(breast cancer)animal,breast/brustdrüsen)**
- **->mostly cancer**

8. **C0033578((485, Prostatic Neoplasms/cancer prostate,prostate)**
- **C0027627(174, Neoplasm Metastasis**, The spread or migration of cancer cells from one part of the body,in **Brain, lymph nodes, bone, liver and lungs**)
 - **C0031117((293, Peripheral Neuropathy/** Peripheral nerve damage, Peripheral neuropathy, a result of damage to the nerves located outside of the brain and spinal cord (peripheral nerves), often causes weakness, numbness and pain, usually in the hands and feet. It can also affect other areas and body functions including digestion, urination and circulation., peripheral nervous system)
 - **C0014175(161, Endometriosis**, The growth of endometrial tissue outside the uterus,ovaries,vagina.vulva rectum)
 - **C1458155. (433, Mammary Neoplasms/ Breast neoplasm,breast tumor,breast)**
 - **C0007621((106, Neoplastic Cell Transformation/ Tumorigenesis**, transformation of normal cells to a neoplastic state,several organs)
 - **C0004352(112,Autistic Disorder, Mental or Behavioral Dysfunction**, Brain and nervous system)
 - **C0038356. ((284, Stomach Neoplasms/ Tumor of stomach ,stomach)**
 - **C0151744. (171, Myocardial Ischemia/ Heart Disease,,heart)**
 - **C0024668((152, Mammary Neoplasms, Experimental,breast on animal)**
 - **C0001418((108,Adenocarcinoma, common cancer characterized by the presence of malignant glandular cells., that can occur in several parts of the body., breast, colon, lung or prostate)**
 - **C0025202(204, melanoma/ Malignant Melanoma/skin cancer,skin)**
 - **C0021390((100, Inflammatory Bowel Diseases, . Crohn disease can affect any part of the digestive system while ulcerative colitis is confined to the colon,bowl)**
 - **C0376634. ((149, Craniofacial Abnormalities**, Congenital structural deformities, malformations, or other abnormalities of the cranium and facial bones,ort:cranium and facial bones)
 - **C0007131(117, Non-Small Cell Lung Carcinoma/ Non-small cell lung cance,lung cancer)**
 - **C0024121((178, Lung Neoplasms/ Tumor of lung,lung)**

- **C0023893((109, Liver Cirrhosis, Experimental /liver disease, It develops gradually due to persistent stresses such as alcohol abuse or chronic liver inflammation (hepatitis).,liver)**
 - **C0007134(127, Renal Cell Carcinoma(kidney cancer,kidney)**
 - **->cancer**
- 9. C0031117((293, Peripheral Neuropathy/** Peripheral nerve damage, Peripheral neuropathy, a result of damage to the nerves located outside of the brain and spinal cord (peripheral nerves), often causes weakness, numbness and pain, usually in the hands and feet. It can also affect other areas and body functions including digestion, urination and circulation., peripheral nervous system)
- **C0003873(219, Rheumatoid Arthritis, Rheumatoid arthritis is an inflammatory disease, primarily of the joints, with autoimmune features and a complex genetic component, bones, joints and spine, as well as the associated muscles, tendons and ligaments.
